he drank a bottle of whisky then jumped off a bridge but nobody's talking about making alcohol illegal, even though it's responsible for thousands of deaths and a huge proportion of crime

studying this information so i am satisfied to convey that i have a very good uncanny feeling i discovered just what i needed

seems like someone who thought it'd be a laugh and maybe might get some ad revenue too

in the late 1970s the pow-mia issue resurfaced as a result of lobbying by the national league of families of american prisoners and missing in southeast asia

in the same time the infected cd4 cells are destroyed
